Hidden Gem! Jessie Lake: Just a few blocks off main street, this stunning lake is known for its wide variety of birds that migrate through the area. April to October is the best time of year for birdwatching. A path around the lake makes for a relatively easy flat 10.8-mile hike.

As we gather, we are reminded that the Town of Bonnyville is situated on Treaty 6 land, that is steeped in rich Indigenous history and is the traditional homeland and home to First Nations and Métis people today. We respect the histories, languages, and cultures of First Nations, Métis, and all First Peoples of Canada, whose presence continues to enrich our community.

We are connected to the **Bonnyville Primary Care Network**

We are part of the **Lakeland Health Advisory Council**
