Hidden Gem! The Whitecourt River Slides in Festival Park is Whitecourt's most popular summer destination. The water feature includes two man-made creeks with a series of pools and drops for tubing and play, with a shallow basin and beach at the end of the creeks. Don't forget to bring your floaties!

Town of Whitecourt acknowledges that we are on land covered by Treaty 6, with Treaty 8 just to our north, a traditional meeting ground and home to Nakota and Cree people of Alexis and Alexander First Nations, as well as the Metis peoples of Region 4. We acknowledge the contributions of all nations.
