Hidden Gem! Beaver River Trestle: A favorite place to walk, bike or ATV, this hidden gem in our community has amazing views of the Beaver River Valley! Built in 1931, we almost lost this treasured piece of history to fire TWICE! Park off the "Y" road for a short walk or take a great hike (or ride) from the Iron Horse Trail Staging area behind Assumption School.

In the spirit of respect and reciprocity, we acknowledge that the City of Cold Lake is located on lands and by water in Treaty 6 Territory and the homeland of the Métis Nation that has been, and continues to be, a sacred place for many. We pay respect to the Indigenous peoples of this place past and present: the Cree, Denesuline, and Métis peoples. We acknowledge that this place is impacted by the ongoing process of colonialism. We strive to understand and reframe our responsibilities to land and community as we journey towards reconciliation.
