**Did You Know?** Hanna is home to many celebrated musicians and athletes. Nickelback would be the most well known of course, recently being inducted into the Canadian Music Hall of Fame. Lisa Dodd was the first female to win the Canadian Country Music Association award for Bass Player of the Year. She has earned the award 4 times and to date, is the only woman to hold the title. Garrett Gregory is an up and coming artist breaking into the music scene as well. One thing all of these people have in common is the support of their home town and that they have all, at one time or maybe even still, collaborate and perform with local musicians in their downtime.
