Hidden Gem! The La Crete Ferry – Located at Tompkin's landing, the La Crete Ferry crosses a 680m stretch of the Mighty Peace River. The La Crete Ferry is one of only two ferries in Alberta. From spring break-up until the river freezes in the fall, the ferry carries countless numbers of people, vehicles, and goods across the Peace River. In the winter, when the ice is thick enough an ice road is made to allow travelers to save time and cross the river instead of having to drive around High Level to get to La Crete.

Buffalo Head Lookout Point – Spend time hiking the beautiful blue hills. Located 35km southwest of La Crete, the Buffalo Head Lookout Point offers extravagant views, picnic tables and fire pits, washrooms and hiking trails. After walking down a trail and climbing some steps, you will come to the Lookout point, where you may see fields, houses and other properties in the distance. It is a truly breathtaking view.

We are supported by **Emergency Medical Services**

We are connected to the **Northwest PCN Primary Care Network**

We acknowledge that we are on Treaty 8 territory, the traditional lands of the Dene Tha', Cree, and Métis peoples. We honor their deep and enduring connection to this land and recognize their history, culture, and contributions to the community. We are committed to fostering respectful relationships and learning from the wisdom of Indigenous peoples as we work together to build a better future.
