Did You Know? Tofield roots in healthcare date back to its beginnings, being named after pioneer medical man, Dr. J.H. Tofield, who moved to the area in 1893 from England. The Running Room founder John Stanton was born in Tofield in 1948 and is known across the world as an advocate for improved health and fitness through simple lifestyle changes.

Hidden Gem! Beaverhill Bird Observatory (BBO) – Located on the southeast corner of Beaverhill Lake, has been in operation since 1984 and is the second oldest migration monitoring observatory in Canada. Recognized as a wetland of international significance, this 'hotbed' for birding has reported more than 270 species of waterfowl, of which 145 are known to breed locally. The BBO area is a great place to visit and enjoy nature.
