The purpose of this initiative is to expose IMGs to Rural Medicine and to provide them with the tools and resources to successfully integrate into the Alberta Healthcare System.

Participants complete 8 of the following modules:

- 1 An Introduction to Patient-Centred Care
- 2 Giving Advice & Including the Patient in the Management Plan
- 3 Dealing with Teenagers
- 4 Dealing with Difficult Patients
- 5 Breaking Bad News
- 6 Medical Ethics
- 7 Preparing for the OSCE: Techniques, Tips & Strategies
- 8 Preparing for the Mini Multiple Interview (MMI): Techniques, Tips & Strategies
- 9 Collaborative Care, Teamwork, and Conflict Resolution
- 10 Integrating Successfully into Rural Practice

Participants also participate in 2 face-to-face training days to prepare them for the MCCQE2. They then participate in a work placement component in rural Alberta under the supervision of a licensed physician and in accordance to CPSA guidelines.

MCAP Online Plus for Rural Alberta has been made possible with funding from the Government of Alberta.
